V.A. Questions And Answers

Editor's Note: Following are representative questions answered daily by VA counselors. Full information is available at any VA office.

Q - What is the maximum amount I can borrow on a VA guaranteed loan? I have been told I can borrow four times the $25,000 guaranty.

A - The maximum loan which may be made is limited to the purchase price or the appraised value of the property, whichever is less. However, some lenders, as a matter of policy, restrict the loan amount to four times the amount of a verteran's available entitlement. The VA will guarantee up to 60% of the loan, with a maximum guaranty of up to $25,000.

Q - Is there a nation-wide toll-free telephone number veterans can call to get information from the Veterans Administration?

A - VA has no nation-wide number but there are VA regional offices in each state and all have toll-free numbers. Look in the telephone book white pages under United States Government, Veterans Administration.

Q - I am in college as a GI Bill student. If I receive a failing grade in a course, can I repeat it and still receive educational benefits?

A - Any course in which a veteran receives a failing grade is not considered successfully completed. Therefore, the course may be repeated and benefits will be paid.

Mrs. Turner's 4-H Club

On September 18, 1979 Mrs. Turner's 6th grade class had their first 4-H Club meeting.

Mrs. Sweet gave us each an enrollment card to fill out.

We also talked about the bike-a-thon which will be held next month.

Then we chose the officers for their classroom. The officers are as follows: President, Sheila Mullins, Vice President, Mike Hansen, Secretary, Renee Marsh, Reporter, Pamela Scruggs, Recreation Leaders, Jo Ann Jamerson and Stefanie Martin.

State Begins Recognition Program For Anti-Litter Activities

Virginia's Division of Letter Control today announced that it is beginning a statewide effort to recognize outstanding anti-litter achievements.

Division Commissioner Robert W. Slocum hailed an initial forty-seven local litter control programs, school anti-litter projects, and media contributions to letter awareness. In personal letters mailed to each honoree, along with a formal Certificate of Appreciation, Slocum praised these groups for "front-line involvement." Slocum stated that, "Many of these organizations have been waging the fight against litter for several years. Others have vigourously responded to pleas from Virginia's leaders and from our office over the past two years.

"These solid citizens of Virginia," said Slocum, "did not stand idly by and wait for someone else to solve the problem. They have assumed responsibility for the cleanliness and beauty of their communities. They have set an example for us all."

Southwest Virginia Weeklies Cited

Eight of thirteen newspapers receiving Certificates of Appreciation for "outstanding public service and editorial support" are from Southwest Virginia. "Evidently," said Slocum, "these communities are especially sensitive to the need for protecting the beauty of our state." (Honorees are attached.)

Three magazines received Certificates. Individuals from four statewide cooperation groups were cited (Virginia Federation of Garden Clubs, Reynolds Metals Company, Virginia Department of Education, and the Virginia Division of Energy Services). The Virginia Forestry Association also received a Certificate.

Outstanding Local Programs Recognized

Among the sixteen community anti-litter programs awarded Certificates for "distinguished leadership in anti-litter program development and implementation" were local organizations in Tidewater, on the Peninsula, in Northern Virginia, Central Virginia, Southside Virginia, and Southwest Virginia.

Six areas were cited for their "Clean Community System" programs. All of the recognized programs have been recipients of the Division's annual anti-litter grants.

Youth Programs Also Awarded

Ten school groups across Virginia also received Certificates of Recognition. Among these outstanding groups were James Monroe School of Newport News and the Buckingham County 4-H Clubs, both recent First Place winners in the annual competition of Keep Virginia Beautiful, Inc.

Virginia's Division of Litter Control has been in operation for two years. "These outstanding programs which we recognize today,"commented Slocum, "Represent both the very solid progress of litter control in Virginia and the fact that anti-litter activities conducted year-round by a wide variety of local citizens constitute the foundation of successful litter control."

Mr. Slocum's announcement was released today from the Division's office in Richmond.

Welcome to October, acclaimed by many as Virginia's most beautiful month. The name comes from the Latin Octo, which means eight. And it was the eighth month of the year at Rome until Numa Popmilius made it the tenth month. Numa, 715-672 B.C. was elected by the people to be king. All well before my day and ain't it nice to have an encyclopedia. Right now, October is a wet month. When I finish writing, I will decide that it is too wet to start the lawnmower. By mid afternoon will be dried out enough to reconsider. Most of us lawnmower pushers feel proud of ourselves this time of year. No citations or Purple Hearts, just inward satisfaction for keeping up appearances. All too soon leaf raking will replace mowing but right now it is everyone's privilege to enjoy October. Monday is Columbus Day and too bad Chris did not sail up the Appomattox River and enjoy the scenery in Central Virginia.

Thanks to readers who phoned or mailed me clippings about Slippery Rock State College and the publicity it received for getting its pre football Saturday before 61,743 fans in Michigan's Ann Arbor Stadium. Lost to Shippensburg, but won nine fans. Wish I have never been to Slippery Rock nor seen them play, but am one of their fans.

And thanks to Mr. and Mrs. Ed Harvey, of Prospect, for dropping by to see us a few days ago.

The year 1980, now fast approaching, will be featured by the head count known as The Census. A fabulous undertaking. I am hopeful that the results will bear out my frequent observation that "Appomattox Is A growing Town." To get into the spirit of enumeration, I have done some counting on my own. Tried to count the cars parked in the vast parking area at Triangle Shopping Center but gave up after reaching 147, due to constant coming and going. Came home and in my yard counted 27 at hills and 19 toad stools. And one rabbit. That would be Julip IX, scion of a family headquartered in my mint patch. And one squirrel, named Martha Street Strutter, who prominades daily, doubtless taking a census of food stored for winter. Bear in mind, however, I am not an official enumerator and 1980 is not here yet, just around the corner, and it is just a thing of getting into the spirit and wishing they set up a category for Metropolitan Appomattox.

Back in the days of the Great Depression our nation was in deep financial trouble and might low in spirit. I remember that the late Harold Ickes was FDR's Secretary of the Interior and he made a detailed study to count our assets. How Much Is America Worth? It opened our eyes. The total value of the physical assets of the USA. Ever since Harold's project, I have never doubted tomorrow. Add in the human asset of People and Counting Our Blessings becomes tonic, a blessing, a double stamp day for the spirit.

Goal Set At $15,000

Ronald Spiggle, Mayor of the Town of Appomattox, and J. A. Williams, Mayor of the Town of Pamplin, have both proclaimed the month of October as "Appomattox County Rescue Squad Month".

In issuing the proclamation, both mayors said that they were pleased to do this on behalf of the volunteer members of the Appomattox County Rescue Squad for the outstanding work they do and for the service they render the citizens of the county.

The 1979-80 goal has been set at $15,000.00 and the Annual Fund Drive will officially begin this week end with squad members ready to accept your contributions for operating expenses, heart monitoring equipment, and to purchase needed equipment throughout the year.

The goal of $15,000.00, an increase of only $1,300.00 over last year, has been set and the slogan remains "**You Help Us - We'll Help You**". Members of the local rescue squad realize, as you do also, that expenses have been on the rise and the cost of living is really up. They plan to do all in their power to keep costs at a minimim and still provide maximum service to all citizens of Appomattox County. If at anytime, later in the year they find that they will need additional funds - then, at that time, they will again ask the people for the funds they feel they will need to finish the year's operation.

Without your generous contributions, the three ambulances now manned by members of this volunteer organization could not be in operation.

We can all be proud that the Appomattox County Rescue Squad is operated solely by contributions. They do not ask for, nor receive, any types of funding from State or Federal agencies. By operating independently we can truly call the Appomattox County Rescue Squad "Our Rescue Squad".

A canvass in the same manner that has been used for the past six years will again be used this year. Spot locations will be set up throughout the county on Friday night, October 5th, and on Saturday, October 6th, for the convenience of citizens who wish to make donations.

On Friday night from 5 p.m. until 9 p.m., members will be
